Student Health Academy

If you think a career in health sounds interesting and might be for you, don’t miss this opportunity! Apply now!

Be part of the Student Health Academy for Year 10 students

Ever thought of a career in health but unsure which one might be for you?

Come and find out more about them.

Nursing, Physiotherapy, Podiatry, Medicine, Paramedicine, Speech Pathology, Social Work, Pharmacy, Occupational Therapy, Medical Imaging, Exercise Physiology and more.

Academy Dates 2019:
You will attend a three day program, one day in each term, for terms 1, 2 & 3. Attendance in all terms is compulsory. There are two options of dates each term so you can select the date that suits.
Term 1: 22 March or 5 April
Term 2: 17 May or 31 May
Term 3: 23 August or 5 September

During the three day program you will:
• Talk to local health professionals and university health science students
• Get active with some skills that health professionals do in their work
• Work together in teams

At the end of the three day program you will:
• Have a clearer understanding if a career in health is for you
• Have a greater knowledge of the range of health careers
• Understand where you can study and what you need to get in to courses

Parents & Teachers
The students will be immersed in experiences to support and develop their understanding of options for health careers. All activities are supervised by our staff in a safe environment
Please contact WACRH for any more detail on the program.

For more details contact:
WA Centre for Rural Health (WACRH)
P: 9956 0210
E: email edsim-wacrh@uwa.edu.au.
WACRH is located at 167 Fitzgerald Street, Geraldton.

Applications close 8 March
There will only be one call for applications this year. Application forms are available at your school or can be requested by emailing edsim-wacrh@uwa.edu.au. Applications require parent/guardian and school permission.
